Why indian companies should join kyrgyzbuild 2027?

Enter new markets

Explore business opportunities in Kyrgyzstan and connect with partners from the wider regional market.

Find buyers & distributors

Meet importers, distributors, dealers, agents and potential local partners.

Meet key industry professionals

Connect with developers, contractors, architects, engineers, project managers, investors and government representatives.

Showcase indian technologies

Present competitive solutions in building materials, machinery, engineering systems, HVAC, plumbing, electrical products, doors, windows and façades.

Discover new projects

Explore opportunities in construction, infrastructure, energy, transport and other developing sectors.

Build local partnerships

Find reliable business partners and explore opportunities for long-term cooperation.

Competitive advantage

Combine Indian technology, manufacturing expertise, competitive pricing and customized solutions.
