WHY INDIAN COMPANIES SHOULD JOIN MEDEXPO KYRGYZSTAN 2027

Access to the kyrgyz healthcare market
Tap into a growing market with increasing demand for healthcare products and services.

B2b networking & business development
Hold direct meetings, build new contacts and explore joint business opportunities.

Gateway to central asia
Use Kyrgyzstan as a strategic entry point to explore opportunities across the wider Central Asian region.

Cost-effective indian technology
Present high-quality, affordable and innovative Indian healthcare solutions.

Strong opportunity for pharmaceuticals
Introduce Indian pharmaceutical products and build partnerships with local distributors and healthcare institutions.

Medical technology transfer & partnerships
Explore opportunities for collaboration, localization and technology transfer.

Excellent platform for medical equipment manufacturers
Showcase advanced and cost-effective medical devices and equipment to buyers and decision-makers.

Diagnostics & laboratory opportunities
Showcase laboratory equipment, diagnostic technologies, reagents and solutions.

Hospital & healthcare group participation
Connect with private and public hospitals, clinics and healthcare groups seeking reliable partners.

Digital healthcare opportunities
Present digital health solutions, telemedicine and healthcare IT technologies.

Find local distributors & business partners
Meet importers, distributors, agents and potential long-term partners.

Medical consumables
Meet demand for high-quality medical consumables across hospitals and clinics.

Meet government & institutional stakeholders
Engage with healthcare authorities, government representatives and relevant institutions.

Yoga, ayurveda & natural healthcare
Showcase India's expertise in yoga, Ayurveda, natural wellness and traditional healthcare solutions.
